

PAH...PAH...PAH...

Straight from the channels of the "Pot calling the Kettle black!" This is the legacy for the System of Criminality called 'American Justice.' An elaborate system of kidnapping, hypocrisy, inclusive of the Art of hostage taking, which dates back, many year, in America to the first President George Washington, 1732, who paid ransom for the shipping crew taken by Algerian Pirates. This example marks the audacity of America flaunting a system of justice (more to injustice).

Moving forward in parallel, symmetry; less than a decade, later, President Thomas Jefferson confronted with similar circumstances refused the offer to execute the same.

Conversely. During the Presidency of Jimmy Carter, he buckled under humiliation of an Iranian holding 52 American Diplomats, detained for 444 days, in November of 1979. Secret, illegal (unlawful) deal. CHUTZPAH! That takes some nerve! Except. Americans want what they can't give, "justice!" Foolhardy dealing, seems to be, in great demand. During the Reagan Presidency, in 1985 ". "The Iran/Contra Scandal"; it supplied Iran with weaponry, illegally, to free the U.S Hostages.

Historically. In Dec. 20th., 1989, America invaded "Panama" and, kidnapped President "Manuel Noriega" and, imprisoned him for 17 years. 30 Civilian Panamanian being killed in this invasion, and, America lost 23 American from their troops.

President "Trump", assigned his Jewish Son in law "Jared Kushner", and, his national security adviser "Stephen Bannon" to set up a secret "C.I.A." back channel with the "Syrian Officials" in early 2017, In hope getting help from the Syrian Government in finding the missing American in Syria. One of them "Austin Tice". Mr. "Stephen Bannon" was 'Dismissive' and raised the question: "Why Austin Tice went to Syria in the first place?!". Mr. "Mike Pompeo" head of the C.I.A. at that time. Now, he is the (Secretary of State), who spoke on the phone on February 2/2017 with the head of the "Syrian National Security" Gen. "Ali Mamlouk" asking for help, promising him: "that will encourage the American Administration to shape the Syrian Policy".

What a shame! Today Ms. "GINA HASPEL" (THE QUEEN OF THE WATER BOARDING TORTURE PROGRAM) being confirmed as the head of the "C.I.A." . In 2003 in "Thailand", she was the Chief of the Secret C.I.A. prison " torturing prisoners and, later on, she destroyed about 93 video tapes evidence to that effect. God luck America.

Soon after that, the same American Administration stabbed Syria in the back, when the ZIO/Kikes were unhappy with this move, and influenced, in fabricating the "Chemical" fake story to the American Administration to attack the "SHAYRAT AIR SPACE" in Syria", on April 4th. ,2017, killing innocent Syrian People. Also, on August 22nd, 2017 attacked "Syria" again near 'Rakkah', killing 78 civilians mostly women and children. Also, recently they attacked Syria again under false pretences of the same nonsense! Yes. It's true what an American high official says: "America is good for making enemies, but, not friends".

I was very proud of our president "BASHAR AL ASSAD", the lion of "SYRIA", on deciding on August 20th., 2017, to cut off all the "Intelligence Collaboration", with all countries who conspired with the so called "Oppositions Groups" against "SYRIA" or, opening Western Embassies in Damascus for them!

This sort of campaigns have been carried out in every American Presidency, since, George Bush, the Father; on down through Bill Clinton, George W. Bush (the Son), Obama and, now, reaching President Donald Trump.

Politically, The American People/free world, ought to know what the U.S. Government heads have done, and is still doing, up to date. Openly maneuvering, secretly wheeling and dealing; if and when they are caught; they, shamelessly attempt to justify the immoral/unethical deeds, placing blame on another country. Now, that takes a lot of political "CHUTZPAH"!

Myself, I had lived and I am still living under this hypocrisy of kidnapping people from all over the world. America, tortures their captives, then, bring them to America to face their fate under the law of "THE JUNGLE".

Hundreds of thousands of Mexicans, and others, when they are caught entering America, illegally; they are thrown into prison for decades. President "TRUMP" called the ones who entered America illegally: "ANIMALS, MURDERERS AND RAPISTS" and he repeated it again today as well! Audaciously bold, when one of the American citizens are caught abroad, after entering a sovereign country, illegally; spying or committing criminal acts; they start screaming their heads off; bullying, threatening, offering money for the exchange of freedom and patently paying money under the table. The American Heads are obstinate. They demonstrate this is their "justice". The American way: they've done it, and, are still doing it: openly and secretly.

"IF YOU FEEL NO SHAME, DO AND SAY AS YOU PLEASE"

These writings are in support of the American families, my family, and others, who've suffered for years; praying, to have their loved ones returned home, safely.

I was really happy to see the 3 detainees, freed (released) from North Korea, in good health on May 3rd., 2018, and, not being tortured by "Kim, Jun Un Regime", reunited with their family, here, in America. Unfortunately, there are still more families waiting as well. The same sentiments, of good will, are extended towards freeing the 7 Iranian citizen from American prison in exchange for the 5 American Citizens who've been detained in "Iran", by the famous Iran deal, actually negotiated secretly by "John Kerry", during the Obama Presidency.

It touched my heart, yesterday, May 11, 2018, as I watched the CNN Report detailing Mrs. "Debra Tice", the mother of Photo/Journalist "Austin Tice" whose been missing in Syria for the last 6 years pleading to the American Administration, emotionally, to help bring back her Son safely. Grievously, Mrs. "Debra Tice" appealed to the People holding Austin, to treat him well.

Surely, Mrs. "Debra Tice" had/has no idea how American Administrators treat innocent people after kidnapping them from overseas, subjecting them to torture abroad first; then, their captives are tortured in America again, and, treated like Animals, thrown in prison confinement for years.

Ironically, as an address to Mrs. "Debra Tice"; I am one of them! Ostensibly. A Syrian Citizen, kidnapped unlawfully from Spain, imprisoned due to fabricated political motives, and forced to serve a 30 year sentence having no crime(s) committed, and I was never in their wanted list! The imprudence is very telling. My associated prison stay involves no related acts of terrorism or any related events by their U.S.A "stinks/sting operation". What could be worse! For the last 10 or 11 years my captors have not allowed my family members to come to visit me. Every time they arrive at the American border legally, and present their passports, they ask them for information to let them in and send them back to Spain. Pains of these trials are very excruciating, to say the least. My only Son was 14 years old when I was snatched away from him. Each time he arrives at the American Borders legally they send him away. Hold me accountable, for what I say. I state these words and my whole article understanding the pains and penalty of perjury of the "18 USC 1746 (1)". Check my allegations!

Mrs. Tice, we are both forced to experience the same pain and suffering. I will be more than happy to see your Son back with his loved ones, yesterday, before today. This is inclusive of anyone, innocent, being held, wrongly around the world. I've been following the story of your Son "Austin Tice", from day one, and your unsuccessful trip to Lebanon in the middle of February 2015, with your husband "Mark Tice". I am sure you were given the wrong number!

Conversely, My "criminal case" and my torture case now, at the United Nations Court in Geneva under Case # 2831/2016; will be decided this coming, July, 2018. My faith and hope is in God first, and the result of the outcome, naturally.

Mr. and Mrs. "Tice": your Son, "Austin Tice", entered, unlawfully "Syria" a sovereign country, staying some months, illegally with some "Opposition Terrorist Group", and from my understanding he went missing when he was crossing the border to Lebanon illegally; and since then he had being missing, and, maybe he is being sold out! By contradistinction; I was kidnapped, literally, from Spain, and trafficked (i.e. Kidnapped) to America, where I've never been before. I've not violated any immigration laws. I wasn't making any attempts to enter America, nor come here, in the first place. I've been, severely, tortured and beaten up by the American's Cronies in Spain a few days before I was put in a private plane to New York. Also, here in America, I was tortured again, physically/mentally - emotionally for 5 weeks at Terre Haute "Communication Management Unit" (CMU), known to the public as Guantanamo North. Evidence of my torture case can be verified, now in (New Albany District Court- Indiana), under case # 2:-18-CV-00086-"WTL-DLP"). My original "criminal case" in the Southern District of New York under case # (\$ 07 Cr. 354).

For more shameful U.S. Acts, my two cases are now posted on my profile/Blog Address: (<http://Prisoninmates.com/profile/MonzerAlkassar61111-054>). Click on "Document Section" to see the 37 legal documents which will confirm my allegations. Also, you can go through all my blogs- Photos, and, Art.

You can also, go to the CNN "Declassified Program" Aired on July 29th./2017: (http://archive.org/details/CNNW_20170730_040000_Declassifide).

For you to hear and read what the Chief Agent of my criminal case. Saying with no shame: "... to come up with a game plan, by 'HOOK or CROOK' we're going to make a case on (Monzer Alkassar)".

Well, as per an old Arabic Saying: "TOO MANY COOKS SPOIL THE FOOD"

To my humble knowledge, the former instructor of Mr. "AUSTEN DICE" Mr. 'R.P' who has/had personal interest in his case, was instructed by the U.S.Government {I think}, to approach Mr. "JOHN DOE" (It's a legal term substituted for the actual name) to try to work out an agreement deal in exchange for the U.S. Citizens who went missing in "SYRIA". It was ignored by Mr."JOHN DOE".

Beyond doubt, Mr.& Mrs. "TICE", I would love to see your Son back home. Never mind me. I'm 73 years old, innocent, with my head held up high. I'm sure you don't know, or, maybe, you don't believe of torture of prisoners in your country and putting them in solitary confinement for years and years. This is the "TEMERITY" OF "American Justice".

In furtherance. I was, also, happy when Kevin Dawse was released on Friday April 4, 2016; from "Syria" for Humanitarian reasons; even though, he entered Syria, unlawfully! The exception. He was never tortured. He was in a normal prison with others near Damascus - Syednaya. His release was low profile. Probably. No one ever heard of him. The American Administrators never claimed any torture was evident on him during his captivity in Syria. CHUTZPAH!
